

# Judy Zeada

I am a second-year Computer Science student with a major in cybersecurity and a minor in software engineering, seeking opportunities to gain experience in my field.

---

## COURSES

- Cybersecurity Fundamentals
  - IBM SkillsBuild
- Introduction to Network Security
  - MAHARA-TECH
- OWASP Top 10 (Web)
  - MAHARA-TECH
- Computer Network Fundamentals
  - MAHARA-TECH
- Implementation of Computer Network Fundamentals
  - MAHARA-TECH
- Cybersecurity Professional Certificate
  - Google (Understudy)
- CCNA I
  - CISCO

## SKILLS

- C++ & Python & Java (Intermediate).
- Linux.
- SQL.
- Git
- Networks
- Proficient in Microsoft Office.
- Adaptive learner.
- Attention to detail.
- Problem Solving.

## EXPERIENCE

### COMPUTER SCIENCE TEACHER ASSISTANT

2022-2023

- Help students during solving classes.
- Homework & quizzes correction.
- Holding office hours for students.
- Answering students' questions.

### ICT TEACHER'S PR REPRESENTATIVE

2021-2023

- Managed attendance records on both websites and spreadsheets
- Tracked homework and quizzes marks on the website and spreadsheets.
- Generated comprehensive student reports.
- Reported students' progress to parents through calls.
- Maintaining detailed call records on the website and spreadsheets.
- Proficient use of spreadsheets apps (Excel and Google sheets)

## EDUCATION

### JUNIOR AT FACULTY OF COMPUTER AND ARTIFICIAL INTELLIGENCE

2022-Current

Cairo University

### INTERNATIONAL GENERAL CERTIFICATE OF SECONDARY EDUCATION (IGCSE)

2019-2022

Al Bashaer International School.

Graduated with an overall 94.7%

Courses included:

Information and communication technology (grade: 9)

Computer Science (grade: 9)

## PROJECTS

### Cryptographic Algorithms Implementation

**Description:** Successfully implemented various cryptographic algorithms including RSA, AES, DES, and LFSR.

**Key Focus:** Gained a thorough understanding of the algorithms' structures, functionalities, and security implications.
